

OPENING GRIFFEYS . . . Balloons lend a festive air as officials gather to celebrate the opening of Griffey Electronics at 3840 Sepulveda Blvd. In front are Torrance Councilman Ross A. Sciarrotta Sr. (left) and E. G. Griffey, founder of the firm. Standing (from left) are Robert L. Hayes, owner since 1945; Sue Foster, Miss Torrance; and John Renke, director of streets and traffic control for the city of Redondo Beach.

Instructor to Give Lectures

El Camino College theater arts instructor, Dr. Howard Banks, will present 10 lectures for The Institute of Lifetime Learning on the general subject, "Fun With Shakespeare," beginning Friday at 2:30 p.m. The Institute of Lifetime Learning is located at 501 E. Ocean Blvd. in Long Beach. "The goal of the course," said Banks, "will set out to prove several things: That you need not be a highbrow or an egghead to appreciate Shakespeare, that some of the most precious humor in the world is in Shakespeare, and that a course in Shakespeare can be more fun than you believe possible."

Patrol Moves Against State's Slow Drivers

The California Highway Patrol is continuing its efforts to eliminate the hazards caused by slow drivers who dawdle along in the fast lanes of multilane highways, according to Commissioner Bradford M. Crittenden. California law states that anyone driving on the highway at a speed less than the normal flow of traffic must drive in the righthand lane or as close as possible to the right-hand edge of the road. "Slow drivers must realize that if they do not move with the flow of traffic they create a driving hazard," Crittenden said today. "And, the slow driver leaves his own safety in the hands of the driver approaching from the rear at a higher speed. That driver must make an accurate judgment of the speed of the slow driver and decide whether to slow down or pass. The slow driver also causes irritation in the driver moving faster and may cause an accident."

The Patrol has increased its arrests for violations of this law by 82 per cent this year. This percentage is based on a comparison of the five months from April through August, 1966, with the same period in 1965. In 1965, 5,826 citations were issued and in 1966 there were 10,287 issued.
